

INFORMAL AUTO REPAIRS AND SERVICING

Mechanics, small auto businesses, panel beaters and car washes

DO BUSINESS SAFELY

Set up workspace 1.5m apart. Keep windows open for good air flow.

Staff should work from home if possible.

All high touch places in client vehicles must be disinfected before entering the workplace production area and whenever it is moved. This includes seats, dashboards, exterior door handles, boot lid handles

If a client's vehicle is delivered at home s/he must carry a sanitiser set and at delivery sanitise the driver position.

Where possible avoid handling cash. Always wash or sanitise hands after handling cash.

Don't share equipment, utensils, cigarettes, food, drink, pens, or cell phones with others.

CLEANING PRECAUTIONS

Disinfect areas that people touch often. Disinfect tools or equipment before passing them on to the next person

If you change out of your work clothes before travelling home, place the clothing in a bag.

Wash work clothes with soap and water every evening and iron when they are dry.

CARE FOR EMPLOYEES

If you are sick with COVID-19 or have been exposed to a confirmed case you must inform the DOH/NICD.*

Take special measures to reduce the risk for vulnerable employees - persons 60 years and older and those with pre-existing conditions (uncontrolled diabetes, obesity, hypertension, HIV, TB, over 28 weeks pregnant).

Talk to employees about their concerns and make sure they know how to prevent infection.

SAFE TRAVEL ADVICE

Where possible use your own transport. If you use public transport:

1. Keep 1.5 metre distance to others when queueing and always wear a mask
2. Avoid full vehicles (more than 70% full) or when others are not wearing masks.
3. Sanitise or wash your hands when you get on and off public transport.
4. Use alcohol-based hand sanitiser after touching money.
5. Do not use public transport if you feel sick or have symptoms.

A SAFE ENVIRONMENT FOR ALL

COVID-19 infection is growing in South Africa. We all have a responsibility to prevent the spread of the disease.

COVID-19 spreads through coughing and sneezing, contact with an infected person, or touching an infected surface and then touching your mouth, nose, or eyes.

KEEP YOURSELF AND OTHERS SAFE

Always wear a cloth mask

Wash hands often with soap or hand sanitiser

Keep at least 1.5 distance (3 big steps)

Disinfect surfaces and equipment

COMMON SYMPTOMS OF COVID-19

Cough
Sore throat

Shortness of breath/
Difficult breathing

Loss of smell / taste.

Other symptoms: fever, body aches, redness of eyes, nausea, vomiting, diarrhoea, fatigue, weakness, tiredness.

Stay home if you feel sick or have COVID-19 symptoms. If you have difficulty breathing or shortness of breath, seek medical care.*

These guidelines were developed by B4SA in close consultation with informal market experts SAMRA and NAAMSA. They are informed by South African realities but may need to be adjusted based on local conditions.
